

## PRICELIST

**L**earn more about each procedure or medspa service from our website or in-facility service brochure. Note that prices in other currencies can be paid in the prevailing naira equivalent.

### REFUND POLICY

All sales are final. There are no refunds on services rendered. Procedures already paid for may be substituted for other procedures in special circumstances within the month of payment, they cannot be substituted for products. Because of the sensitive nature of products we retail, to be exchanged they must be returned unopened, untampered and unused within 24 hours of purchase.

### APPOINTMENT POLICY

We are APPOINTMENT-PREFERRED centers. Attending to patients/clients on an appointment basis enables us maximize and optimize our time and resources. Appointments that have been booked and confirmed (with a payment) will be given the utmost priority and attended to with urgency.

Patients/clients that come in late or have unconfirmed/tentative appointments will be seen at the next available time slot.

We now accept walk-ins, you can just walk-in for your consultation or procedure at your convenience. You will be seen at the next available time slot too.

### MEDICAL GRADE FACIALS (45 mins to 90 mins)

Our MEDICAL GRADE FACIAL treatments are all comprised of a thorough cleansing, toning, exfoliation, hydradermabrasion, the deep infusion of medical actives, moisturization, a facial massage, protection and home maintenance advice all tailored to your specific skin needs. We understand that skin care is not one size fits all, our facials are therefore tweaked to meet your skin's unique needs, all aimed at maintaining your skin in its best possible state, at all times, seasons and in all situations.

Our facials all come with a unique deep cleansing hydradermabrasion step, this we substitute in a few cases for a deeper microdermabrasion in keeping with your skin's needs. SKIN101 Medspa facials are either for maintenance purposes or are an adjunct to the other treatments we offer. If you have active problems, the doctor will still need to assess your skin via a proper consultation.

Bi-monthly to monthly treatments are recommended for best results.

PROCEDURE	COST PER PROCEDURE
